

# NEDILKO MYKOLA

## JUNIOR FULL-STACK DEVELOPER

### SUMMARY

I'm a Junior Full-Stack Developer who has technical skills acquired while working in the IT industry. I have knowledge and practical skills in HTML5, CSS3, SASS, JavaScript, React, TypeScript, Redux, Node.js. I try to constantly improve my level as a specialist. First of all, I am looking for a project in which I will be useful and could implement and improve my skills as a developer. The ability to focus on details and time management are also good strengths of mine. Friendly team player with a good sense of humor.

I have an experience in participating in development and implementation projects of automatization for modernization and expansion of production. I hope to apply all my skills in achieving the tasks assigned to me and I want to succeed. Every day I try to improve my technical skills and soft skills. I like a proverb "He works best who knows his trade".
