

Mykola Nedilko

Junior FullStack Developer

I am a Full-Stack Developer with more than 1 year of experience in developing websites using technologies such as HTML, CSS, JavaScript, Typescript, React, Next, Redux Toolkit, RTK Query, Tanstack Query, Node, Express, Prisma, MongoDB, PostgreSQL.

I am responsible, always ready to learn new things and complete tasks on time.

I try to constantly improve my level as a specialist. First of all, I am looking for a friendly team in which I will be useful and could implement and improve my skills as developer.
